

SACRED HEART

GRADE SCHOOL

Learning with Faith, Growing in Love, Serving Like Jesus.

SEPTEMBER NEWSLETTER 2026

2026-2027 SCHOOL YEAR

We are a faith-filled family, growing together in Christ!

A NOTE FROM MS. VONFELDT

Welcome back, Sacred Heart families! We are so excited for a new school year filled with opportunities to learn, grow in faith, and make wonderful memories together.

Let us keep our hearts open to God's love and be kind, respectful, and helpful in all we do.

May God bless our school family this year!

Blessings,
Ms. Vonfeldt

AROUND OUR SCHOOL

Congratulations to SHGS for receiving a grant through the Child Nutrition & Wellness, Kansas Dept. of Education, to participate in the USDA Fresh Fruit & Vegetable Program.

This will begin in the middle of September.

| | Uniforms must be worn |

“Let all that you do be done in love.”

1 Corinthians 16:14

SPECIAL NOTE

Sept. 2 early release day is dress in favorite sport team attire!

CLASSROOM HIGHLIGHTS

Look what we're learning!

PRE-K

The preschoolers slid right into the preschool routine. They missed Mrs. Kirby who was in the hospital. The kiddos made a get-well banner for her and got to color on the floor while doing it. That was a lot of fun.

KINDERGARTEN

Kindergarteners are doing our zoo phonics song in the morning. Hearing the students sing that song so loud and doing the actions with it, is very encouraging. Another class highlight is the letter locks. The students love to practice their upper and lowercase letters with them.

1ST GRADE

Here in 1st grade, big learning has come in a small package with our dynamic duo this year! Every day is tailored to their unique curiosity, creativity, and growth. We are currently studying the engineer design process and mastering our number sense. The students are also leaning how to construct words into complete thoughts and sentences and getting back into the habit of reading. Of course, their favorite part of the day is fueling up! Snack time doubles as a wonderful opportunity for these two classmates to chat, share stories, laugh, and strengthen their special friendship with all this big learning.

2ND GRADE

Wow! The second graders are off like lightning. These boys have been working very hard. We have been learning the job of engineers and scientists. They are enjoying that. Math we have been reviewing a lot over even and odd numbers. Skip counting by 2s, 5s, 10s. Before long we will be adding and subtracting. Not sure where August went, but September, here we come!

3RD GRADE

3rd grade is participating in the Word of the Week. Each week, students learn the definition of a new word, identify a synonym and antonym, and practice using the word correctly in a sentence. This activity helps build vocabulary, strengthen language skills and grow students' confidence in using new words.

5TH GRADE

The 5th grade has been having fun learning with Place Value Yahtzee during Math. They also enjoy listening to the stories on 1st Chapter Friday. 5th & 6th grade just finished writing Trickster Tales and working on Igloos during Stream. They are loving the experiments in Science with Ms. Vonfeldt and of course her lemon drops!

6TH GRADE

The 6th graders are looking forward to being the leaders of the school and being role models for the younger students. In religion they are learning the Life of Jesus. They are watching the series, Chosen to view his life more closely. Ancient Civics brings them learning about ancient living in comparison to today's living.

4TH GRADE

In 4th grade we got a new smartboard installed this summer. We are excited to see what exciting new things we will be able to learn and do on it.

We are diving into new subjects and growing our faith each day. We're learning how our choices can reflect God's love in our words and actions.

FAITH CORNER

Prayer changes things. Pray together as a family every day!

This month we pray for: our students, teachers, families, and our Sacred Heart community.

THANK YOU FOR BEING PART OF OUR SACRED HEART FAMILY!

Together in Faith, Hope & Love
